EXPERIENCE

Design Intern

Aug. 2020 - Nov. 2020

W.I.P *Work in Progress Women in Practice* | Brooklyn, New York

- Participated in the architectural design process, and developed solutions and graphics used to convey concepts for client approval.
- Finalized drawings and submissions for the **Design Philly** Virtual Exhibition and the **a83** Working Remotely Competition.
- Assisted in preparation of designs, 3d models, diagrams, renders, and final working drawings for multiple projects.

Architecture Intern

Aug. 2020 - Nov. 2020

Design Advocates | New York, NY

- Followed through on design drawings for overall layout and multiple floor plan options on several projects.
- Collaborated in the preliminary scoping and set up of the existing building that was set to be renovated.
- Reached out to local companies and agencies in order to receive necessary funding for pro bono projects.
- Researched and diagrammed other local restaurants, specifically how they were impacted by Covid-19

Architecture Intern

Jun. 2020 - Jul. 2020

KPF *Kohn Pederson Fox* | New York, NY

- Participated in all stages of the architectural design process for projects in Busan and Seoul, South Korea.
- Daily meetings with whole architecture and design team to present exterior and interior design proposals
- Produced renders of landscaping, material, formal, and facade iterations.

Architecture Intern

Jul. 2019 - Aug. 2019

TMA *Ted Moudis and Associates* | New York, NY

- Planned layouts for multiple corporate office organizations
- Modernization of essential firmwide drawings and details, done in 2D and 3D
- Multiple site visits, scoping new projects and meeting with clients and teams of contractors

Architecture Intern

May 2018 - Jul. 2018 | May 2019 - Jul. 2019

Bavier Design LLC | Norwalk, CT

- Contributed to architectural design process, developing plans, schedules, and designing custom elements for numerous projects.
- Finalizing and contributing to multiple proposals for client meetings and approval
- Several site visits for new projects, scoping buildings and getting measurements in order to create accurate plans and base drawings.
